If you are driving from the direction of Augsburg (A 8 / E 52), we recommend that, from Höhe Langwieder See, you follow the signs for Salzburg (E 52 / A 99).

From Nürnberg, we also recommend following the signs for Salzburg once you reach the München Nord junction (E 52 / A 99).

In both cases, take the exit Haar / Ebersberg and follow the B 304 towards Ebersberg / Wasserburg.

⇒ **From Munich airport**, drive towards Erding along the Erdinger Allee. Follow the signs for Erding and then Markt Schwaben. Shortly after the Erdinger Weissbier brewery on the left is an exit to the right marked Taufkirchen / Vils and Moosinning. Take this exit and turn left at junction towards Taufkirchen / Vilsbiburg. Drive along this road approx. 3.5km and turn right for Hohenlinden. (There is a red and white radio mast on the right-hand-side here) Just before Hohenlinden, follow the signs for Ebersberg. Now go to instruction below, "**from Munich**".

⇒ **From Munich** follow the B 304 towards Ebersberg / Wasserburg.

Edling is a further 24 km from Ebersberg. After the first sign for Edling, you will see "Autohaus Gron", a Renault garage, on the right-hand-side. Turn right here into Römerstrasse. (There is also a sign "Gewerbegebiet Römerstrasse").

After approx. 150 m you will see the Selecta building on the right-hand-side. The building with small glass domes on the roof is the main offices of Selecta.

Directions to Selecta Spielzeug

⇒ **From Rosenheim** follow the B 15 towards Wasserburg.

After approx. 26 km take the exit right to Wasserburg and then, after 50 m, turn left towards München (B 304).

Follow the B 304 through Reitmehring, over the railway crossing, towards Munich.

The next town on the left-hand-side is Edling but do not take the first turning. Continue along the B 304, past a gravel pit on the left, to the next slip-lane left. Turn left here. This is Römerstrasse and on the right is a Renault garage, "Gron".

After approx. 150 m you will see the Selecta building on the right-hand-side. The building with small glass domes on the roof is the main offices of Selecta.
